# John Muir Charter School School Accountability Report Card Reported Using Data from the 2017-18 School Year <br> Published During 2018-19 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: November 2017

In 2005, John Muir Charter Schools adopted the AGS textbook series for all core subject areas. This textbook series continues to be the most accessible for our student population. This year, in 2018-2019, we have adopted a variety of supplemental instructional materials in English, math, science and history-social science that teachers and students have available to them. Our classrooms have sufficient instructional materials for all students. The CA State Board of Education does not officially adopt textbooks or instructional materials for Grades 9-12; however, our textbook adoptions are in line with CA content standards, CCSS and recommended SBE guidelines.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven

| Subject | Percent of Students Meeting or Exceeding the State Standards <br> (grades 3-8 and 11) |  |  |  |  |  |

| English Language Arts/Literacy <br> (grades 3-8 and 11) | 5.0 | 5.0 | 44.0 | 43.0 | 48.0 | 50.0 |
| Mathematics <br> (grades 3-8 and 11) | 1.0 | 0.0 | 30.0 | 29.0 | 37.0 | 38.0 |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.
Note: The 2016-17 and 2017-18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018-19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016-17 and 2017-18) and the CAA for Science will be field-tested in 2018-19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

In 2016-2017 the JMCS Career Pathways Trust Program (CPT) administered state-wide the JMCS My Career and Education Pathway (MyCEP) curriculum and is working with the CCC, Local Conservation Corps, YouthBuild and WIOA programs to deliver to students comprehensive work readiness curriculum. The CPT delivers pathway instruction and training in four identified industry sectors. For example, Specialists are working with GRID Alternatives to design and implement solar install and sales training programs in multiple regions. The CPT program also implemented statewide the National Retail Federation Customer Service and Sales Certification as a nationally recognized certification in the Hospitality, Recreation and Tourism sector after a successful pilot program in 2014-2015. The CPT has connected with the statewide America's Job Center of California network to offer "On the Job T raining" (OJT) opportunities and work opportunities to our students. The CPT has connected with the statewide community college network to promote post-secondary education, Career Technical Education trade programs and offer dual enrollment programs to students who are ready for college-level curriculum. The CPT program offers multiple career tracks in Hospitality, Recreation, and Tourism; Medical and Medical Technology, Agriculture and Natural Resources, and Energy and Utilities sectors across California.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

## Opportunities for Parental Involvement (School Year 2018-19)

Only 20\% of JMCS students in the 2018-2019 school year were below age 18. Those small number of students do have regular contact with JMCS teachers and Directors and are invited regularly to participate in school activities, meetings, and the LCAP process. For those students over age 18, JMCS considers our partnering agencies the "parents" of students. JMCS teachers and staff meet daily with our partnering agency staff, planning and implementing the holistic academic, vocational, life skills and leadership programs JMCS provides to students.

## State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

## Professional Development (Most Recent Three Years)

in 2018-2019 JMCS provided 5 days annually ( 40 hours) of professional development to teachers through our annual in-services in October, January, and April. Teacher attended a variety of workshops and course provided by and coordinated by the teacher-led JMCS professional development committee. The JMCS professional development cycle is set in three-year blocks with coordinated trainings that build on each other; JMCS admin, the professional development committee, and regional teacher leaders follow up with JMCS teachers throughout the school year to assist in implementing professional development programs into daily instruction.
